

Criteria for Startups with Innovation Capability

Any business registered according to the laws of the application's nationality or the Company Act or the Business Registration Act of the Republic of China for less than five years (OR, WITHIN FIVE YEARS) and meeting one of the following criteria is deemed to have innovation capability. However, if approved by the central competent authority of the relevant industry, a business will be exempt from the five-year requirement.

1. The business above that has received investment from domestic/overseas venture capital, or meets the criteria specified in the Article 23-2 of the Statute for Industrial Innovation, or has received investment from the Angel Investment Project run by the National Development Fund, Executive Yuan, or has raised at least NT\$2 million from domestic, foreign or international start-up funding platforms recognized by the Government of the Republic of China;
2. The business above that has registered with the Go Incubation Board for Startup and Acceleration Firms (GISA) operated by the Taipei Exchange;
3. The business above that has obtained invention patents or design patents in the Republic of China, or has been assigned or licensed with the invention patents or design patents by the patent owners who have completed the registration of such assignment/licensing at the Intellectual Property Office, MOEA;
4. The business above that was stationed within one year before the application, or is currently stationed in an international start-up park or registered under a project approved by the central government or any local government of the Republic of China; or those authorized, operated or approved by the central government or any local government of the Republic of China, or those rated as an excellent startup incubator under review by the Ministry of Economic Affairs within the past five years (Appendix 1);
5. The business above or the Head of the company that has received an award in representative entrepreneurial or design competitions in Taiwan or overseas (Appendix 2);
6. The business above or the Head of the company that has been nominated or received an award in an important film festival in Taiwan or overseas. (Please refer to Appendix 3, the Directions for Supporting Film Industry Professional Participation in International Film Festivals and Detailed List released by the Bureau of Audiovisual and Music Industry Development (BAMID), Ministry of Culture for the list of important film festivals);
7. The business above that has received startup subsidies of at least NT\$2 million from the central government, or at least NT\$1 million from any local government;
8. The business above approved by the central competent authority of the relevant industry.

Note 1: Competent authorities may add or remove international start-up parks and startup incubators to the list under the fourth criterion above. Businesses may also apply to be added to the list.

Note 2: Competent authorities may recommend or approve adding other entrepreneurial or design competitions to the list under the fifth criterion above.

Note 3: Competent authorities may recommend or approve adding other domestic or overseas film festivals to the list under the sixth criterion above.
